2020 HHA Preservation Awards

LAST CALL

Nominations accepted until January 31, 2020

The Hudson Heritage Association Preservation Awards recognize and honor historic structures in Hudson that have been well preserved or restored within the last five years in a manner that maintains the historic integrity of the property. No minimum or maximum number of awards will be given in any year.

We encourage our HHA members to nominate preservation/restoration projects for the 2020 HHA Preservation Awards. To be eligible, properties must be at least 75 years old, and may include private residences, commercial buildings, publicly owned buildings, nonprofit organizations and historic landscapes. You can find the information about application for the Preservation Awards Program on our [website](#).

Criteria for nominations include:

- All nominated properties must be located within the City of Hudson.
- To be considered, restoration and preservation projects must have been completed on or after May 1, 2014.
- Properties may be nominated by their owners or by another individual or group. If another individual or group nominates a property, the owner must be notified.
- Consideration for awards will include appropriateness of the materials used on both the exterior and interior parts of the structure, including landscaping materials, and the historic accuracy of any preservation or restorations made.

Nominate a property before January 31, 2020, and help HHA celebrate preservation in Hudson.

In Memoriam: Vicki Adams

We were saddened to hear the news of the recent passing of Vicki Adams (Millard), a longtime Hudson resident and former Hudson Heritage Association board member.

Vicki's passion for research, love of education and interest in Hudson's history inspired all of us at HHA.

We send our deepest sympathies to Vicki's family and friends.
